# 旅美中国科学家工程师专业人士协会25周年

## PREFACE

As one of the largest Chinese-American professional organizations in the United States of America, the Association of Chinese-American Scientists and Engineers (ACSE) (<http://www.acse.org>) has several thousand active members nationwide and it has become the most influential organization of Chinese-American professionals in the State of Illinois. Founded in 1992, ACSE now has sixteen local chapters and twelve professional societies.

Abiding by its principle of “Cooperation, Development and Contribution”, ACSE has grown as a strong community leader in promoting Chinese-Americans contribution to the mainstream value and societal development, and a strong advocate facilitating the exchange between the United States of America and China. ACSE works hard on the integration to American society at both individual and organizational level. Many ACSE members have emerged as academic, industrial leaders and beyond. In the past, ACSE has organized many major events in the United States of America and China to serve its members and communities in the areas of sciences, technology, culture, economics, and business. These events include conferences, annual conventions, job fairs, business promotion events, and seminars on education and career development as well as cultural differences between USA and China, etc.

Looking back upon the 25-year history of ACSE, we would like to thank all the ACSE board directors and working team members for their dedication and hard work. We would also like to thank all the members for their trust and strong support. Our special thanks go to the companies and individuals from both the United States of America and China who provided financial support to this organization.

ACSE's 25-year history is the epitome of the growth of the new generation of Chinese-American. With more influence from Chinese community worldwide, ACSE will grow even stronger to become an important organization in the United State of America! We anticipate a stronger ACSE will play an even more important role in serving the Chinese-American community, in leading the Chinese-American professionals to contribute to the mainstream value, and in promoting the exchange and friendship between the United States of America and China.

**Kun Liang, President of ACSE**  
**Xiangdong Xu, Chairman of Board of ACSE**

## 前言

旅美中国科学家工程师专业人士协会（ACSE，简称科工专）自1992年成立以来已经走过了二十五年的历程。科工专从创会时的四十多人发展壮大到了今天的一个拥有几千会员的综合性组织，它同时建立了十六个地区分会和十三个行业学会，会员背景涵括电子，通讯，生物，医药，石油，化学化工，计算机，机械，材料，金融，财经，制造，工程，法律，工商管理等各个领域。科工专现已成为全美国最大的华人科技人士的组织之一，也是大芝加哥地区最有影响的华人专业人士组织之一。

科工专自成立以来就始终坚持以“合作，发展，贡献”为其宗旨，在合作与贡献中不断发展壮大自己。科工专以参与美国主流社会活动，贡献主流价值作为协会重要的工作目标之一，积极融入到当地的科技和社会活动中，在美国当地社会的历史进程中发挥了重要的作用。科工专关注旅美华人的切身利益和整体发展，为新一代移民更好地适应美国文化，寻求个人发展投入了大量精力，从中涌现出了许多各行各业的精英。科工专以服务美国华人社区为己任，常年开展服务社区的活动，为美国华人在联谊、求职和职业发展等各个方面提供帮助，为建立一个强大而有社会责任心的华人社区作出了贡献。科工专把促进中美交流，增进中美友好作为自己的工作重点之一，近年来，科工专努力搭建中美交流平台，为中美双方的企业和人员交流提供了许多便利。从2009年以来，科工专为促进中美两国企业与企业之间、城市与城市之间的交流办了许多有益的实事，取得了有目共睹的成绩。

回顾科工专二十五年的历史，我们即要感谢历届科工专的理事、所有工作人员以及顾问为科工专的发展所做的巨大贡献，也要感谢会员们的积极参与和无私奉献，特别还要感谢在科工专发展中为这个组织提供了赞助的中美企业和个人。

科工专二十五年的历程就是新一代旅美华人发展的缩影，华人的影响力在美国乃至全球的不提高，也会让科工专更加强大！科工专将与与时俱进，在日新月异的未来更好地完善自己，更加积极地参与主流社会、贡献主流价值、服务美国华人社区、促进中美交流、增进中美友谊。

**会长：梁琨**

**理事会主席：徐向东**

### 贺 信

蒞美中国科学家工程师专业人士协会：

欣闻贵会将举办第25届年会，我谨代表中华人民共和国驻芝加哥总领事馆致以热烈祝贺！

长期以来，蒞美科学家工程师专业人士协会秉持“合作、发展、贡献”创会宗旨，充分发挥自身优势，立足科技创新前沿，联合蒞美科学家、工程师、专业人士，积极促进中美经济、科技、教育交流合作，取得了突出成绩，发挥了重要作用。

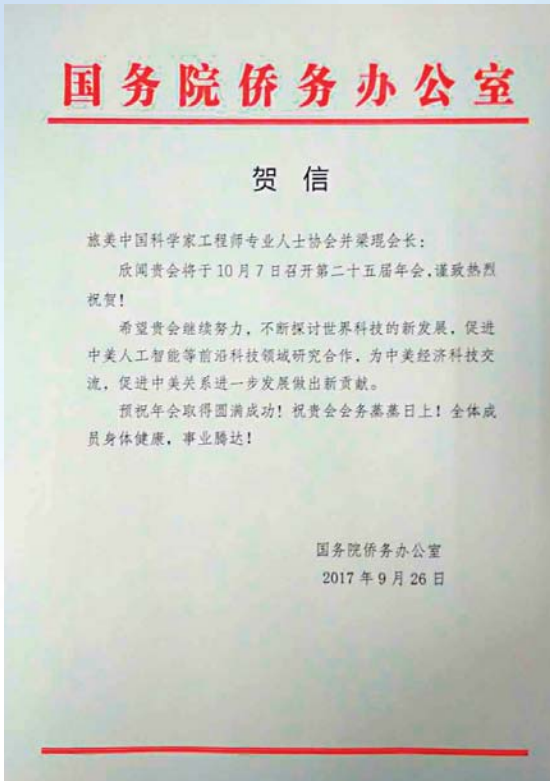

当前，中美各领域交流蓬勃发展。贵会第25届年会将围绕智能革命的挑战与机遇主题展开讨论，进一步探讨中美在人工智能等前沿科技领域合作空间，必将促进中美相关交流的新发展。

预祝贵会第25届年会圆满成功！

中华人民共和国驻芝加哥总领事

### 贺 信

蒞美中国科学家工程师专业人士协会并梁琨会长：

欣闻贵会将于10月7日召开第二十五届年会，谨致热烈祝贺！

希望贵会继续努力，不断探讨世界科技的新发展，促进中美人工智能等前沿科技领域研究合作，为中美经济科技交流，促进中美关系进一步发展做出新贡献。

预祝年会取得圆满成功！祝贵会会务蒸蒸日上！全体成员身体健康，事业腾达！

Attendees at the 25th Annual Conference  
Association of Chinese-American Scientists and Engineers  
PO Box 59715  
Schaumburg, Illinois 60159

Dear Friends:

Please accept this communique as a greeting to the 25<sup>th</sup> Annual Conference of the Association of Chinese-American Scientists and Engineers. I understand you will be meeting at the Holiday Inn of Rolling Meadows, Illinois on October 7, 2017 exploring the theme: *Unlatching Opportunities and Challenges Evolved from the Digital Revolution*.

Your yearly conferences are always timely and meaningful for the scientific and technical community both here and abroad. The conference will also become a great social networking opportunity for entrepreneurs, engineers, and researchers to promote cooperation and exchange between the US and China. I am certain that your deliberations will be followed with great interest.

I trust the conference will be a great success and will help provide a solid basis for the ACSE to continue to grow and to serve the community at large.

Sincerely,

Danny K. Davis  
Member of Congress

P.O. Box 59715  
Schaumburg, IL 60159

Dear Friends,

It is a great pleasure to congratulate the Association of Chinese American Scientists and Engineers on the occasion of its 25<sup>th</sup> anniversary. Since its inception in 1992, the ACSE has worked to build and maintain a strong Chinese-American professional community. In addition to helping its members thrive in their professions, the ACSE's efforts to foster goodwill between the United States and China by promoting exchanges of culture, education, science, technology, and business are irreplaceable.

This year's theme, "Unlatching Opportunities and Challenges Evolved from the Digital Revolution", is particularly relevant to our world today. Indeed, as technology rapidly develops, workers and businesses alike must overcome serious challenges and determine how to best take advantage of the opportunities this revolution provides.

I want to thank the Association of Chinese American Scientists and Engineers for its commitments to economic development and to the Chinese American community. Its efforts have been felt locally here in Schaumburg and nationwide.

Thank you again for all that you do, and I hope for the great success of your 25<sup>th</sup> annual conference.

Warm regards,

Raja Krishnamoorthi  
Member of Congress

Dear Friends,

As State Representative of the 2<sup>nd</sup> District of Illinois, I extend warmest greetings to those in attendance of the 25<sup>th</sup> Association of Chinese-American Scientists and Engineers Annual Conference.

The Association of Chinese-American Scientists and Engineers was founded in 1992 to promote friendship, scientific, and economic exchange between the United States and China. This year's theme "Unlatching Opportunities and Challenges Evolved from the Digital Revolution" emphasizes the infinite possibilities of innovation and collaboration among entrepreneurs, engineers, and researchers in our ever-evolving 21<sup>st</sup> Century. I commend the Association of Chinese-American Scientists and Engineers for their leadership and impact that they have on the community and to our great state of Illinois.

On behalf of the people of the 2<sup>nd</sup> District, I offer my heartfelt congratulations and best wishes for a successful conference.

Sincerely,

Theresa Mah, Ph.D.  
State Representative

## INTRODUCTION

### ASSOCIATION OF CHINESE-AMERICAN SCIENTISTS AND ENGINEERS

The Association of Chinese-American Scientists and Engineers (ACSE) (<http://www.acse.org>) is one of the largest Chinese-American professional organizations in the United States of America. Founded in 1992, ACSE is an independent, non-political, not-for-profit professional organization headquartered in Schaumburg, Illinois with sixteen regional chapters. ACSE has thirteen professional societies, including Telecommunications, Chemistry & Chemical Engineering, Pharmaceuticals, Mechanical Engineering, Management Business and Administration, Futures, Options and Finance, Medical Sciences, Computer Sciences, Industrial and Applied Mathematics, Environment, Bio-technology, Intelligent Transportation Systems, Law and the newly formed Entrepreneurship. The organization has several thousand members distributed throughout 30 states, over 90 percent of whom has a Ph.D. or Master degree.

Abiding by its principle of “Cooperation, Development and Contribution”, ACSE has organized many major events in the United States of America and China to build platforms and bridges facilitating the exchange between US and China, and between members and non-members in the areas of sciences, technology, culture, economics, and business. These events include conferences, annual conventions, job fairs, business promotion events, and seminars on education and career development as well as culture differences between USA and China, etc. These events served ACSE members and the communities well. Many prominent leaders in industry, academic, business, and government were invited to these events. For example, former US Defense Secretary, then Senator Mr. William Cohen, the first US ambassador to China Mr. Leonard Woodcock, former Chinese ambassador to USA Mr. Daoyu Li, Deputy Secretary of Chinese Department of Science and Technology Mr. Jinpei Cheng, Nobel Prize Winner of University of Chicago Professor Merton Miller; Former CME Group Chairman Mr. Leo Melamed, US Congressman Danny Davis, former Chinese Consul General in Chicago Mr. Ping Huang and many other outstanding leaders in their fields have been invited to deliver the keynote speeches at ACSE conferences and seminars. The Illinois Governor has recognized and applauded ACSE's services to the communities and efforts to promote US-China cooperation and economic development. Former Chicago Mayor Richard Daley said in his greeting letter to ACSE: “the ACSE has promoted mutually beneficial scientific, economic and culture exchange between the United States and China. ... Chicago is the proud beneficiary of a strong community from China that has played a significant role in the history of our city and continues to make important contributions to the collective good of all citizens.”

This year is ACSE's 25<sup>th</sup> anniversary. ACSE has grown out of her infant stage and grows ever stronger. With the ever growing Chinese-American community in the United States of America and ever increasing economic ties between China and USA, ACSE will play an even more important role as a community leader and strong advocate in promoting the cooperation between US and China, and in building a strong Chinese-American community to contribute to the mainstream value and societal development.

## 旅美中国科学家工程师专业人士协会简介

旅美中国科学家工程师专业人士协会 (ACSE, 简称科工专) 是华人在美国最大的科技和专业人士组织之一。科工专于1992年在美国伊利诺伊州注册成立, 是一个非营利、非政治性专业组织。本着“合作、发展、贡献”的原则, 自成立25年以来, 科工专由一个43人的小协会发展到今天有16个地方分会和13个专业学会, 包括工程科学与技术、医学、生物学、机械、化学化工、材料学、法律、企业管理和创业等学科的大型综合性专业人士协会。协会目前有数千名会员, 分布在全美国30个州。所有会员中, 大约90%有博士或硕士以上学位。

科工专自成立以来就把参与美国主流社会活动, 贡献主流价值作为协会重要的工作目标之一, 积极融入到当地的科技和社会活动中。历次年会中, 科工专邀请到了许多美国知名政治家和企业家与会并作专题报告。美国第一任驻中国大使伍德科克先生、美国前国防部长及联邦参议员科恩先生、诺贝尔奖获得者芝加哥大学经济系米勒教授、世界金融期货之父, 芝加哥期货交易中心荣誉董事长米纳梅德先生、伊利诺伊州州务卿怀特先生、美国众议员戴维思和佛斯特先生等都先后来参加科工专年会并作主题演讲。由于科工专对主流价值的贡献, 当时的美国劳工部部长赵小兰女士接见过科工专会长。正如芝加哥市市长戴利先生指出的: “芝加哥市有一个来自中国的强有力的团体 (科工专), 它在城市历史进程中发挥了十分重要的作用, 并将继续为所有城市居民的利益而奉献, 芝加哥市作为直接受益者而感到十分自豪, 我本人也赞赏科工专为深化中美友谊和经济交流所做的杰出贡献。” (译自戴利市长贺信)

科工专以服务美国华人社区为己任, 常年开展服务社区的活动, 例如每年一届的春节晚会和夏季野餐会就是芝加哥地区华人最大的盛会之一, 特别是夏季野餐会常能吸引到近千人参加。为了促进下一代华人参与社区活动, 科工专自2012年以来, 在夏季野餐会中增加了少年才艺大赛和体育比赛, 吸引了许多下一代的华人报名参加。除了以上活动外, 科工专还主持召开了许多职业招聘会、职业发展研讨会、文化差异研讨会、教育研讨会、创业研讨会等来满足在美华人事业和生活上的需求。我们坚信建立一个强大的有社会责任心的华人社区是对主流社会的最有力的贡献。

促进中美交流, 增进中美友好是科工专的另一个工作重点, 近年来, 科工专努力搭建中美交流平台, 为中美双方的企业和人员交流提供了许多方便。近年来, 科工专为北京市、江苏张家港市、江苏常州市、江苏苏州市、江苏无锡市、天津宁河县、山东莱西市、四川成都市、山东济南市, 云南省等举办了大型招商和招聘会, 邀请中美各界人士参加, 取得了非常好的效果。最近的一次是2017年6月, 科工专与徐州工程机械公司共同举办的招聘活动, 邀请到了芝加哥地区的许多有经验的优秀人材到会。

今年是科工专成立二十五周年, 科工专这个组织由“少年时代”步入“壮年时代”。一个生机勃勃的科工专组织必将在今后时间里更加积极地参与主流社会、贡献主流价值、服务美国华人社区、促进中美交流、增进中美友谊。

## 历史的足迹 Historical Footprints

承载光荣，再创辉煌！

纪念科工专成立二十五周年

周麓波博士，第十八，十九届会长，第二十届理事会主席

25年前，一批来自中国大陆的留学人员在芝加哥发起成立了旅美中国科学家工程师协会，这是由大陆学人在美国组建的最早的专业人士社团之一，它一成立就得到了积极响应，并迅速发展壮大，由当初的40多人发展到今天有数千人会员的协会。1996年，旅美中国科学家工程师协会与旅美中国专业人士协会合并成立了旅美中国科学家工程师专业人士协会，简称科工专。2009年，科工专理事会考虑到越来越多的会员已入美国籍，成为了美籍华人，因此，决定将协会的英文名字由中国科学家（Chinese Scientists）改为华裔科学家（Chinese-American Scientists），但保留中文科工专的名字不变。

科工专自成立以来，也像所有别的协会一样，虽经历风雨，也有一些起伏，但总的来说是一部逐步发展的历史。由于科工专多年来为华人社区做了许多实事，今天它已成为大芝加哥地区最有影响力的华人社团之一。回顾科工专的历史，它最为活跃的时期总是那些顺应时代要求，结合会员需求而举办各种活动的时期。比如早期的会员对中美关系的发展和走向非常关心，科工专邀请中美大使，国会参众议员等来演讲，那时科工专的年会声势浩大。后来，中国的招才引智和科工专会员的回国创业热情兴起，科工专又及时与中国的各级政府和企业合作，组织了很多高人气的人才推介活动。25年来科工专从无到有，创建了一个大陆留美学人组织的优秀品牌，得到了美国社会各界，中美各级政府的承认与赞扬，很多中美政界、企业界、和学界人士都来科工专交流，对这个组织充分肯定，芝加哥地区的华人也积极参与科工专的活动，每年的科工专与各大校友会的夏季野餐会都是芝加哥地区华人的盛会，吸引上千人参加。今天，走过了25年历史的科工专已成为一个“青壮年”组织，无论会员和我们生活的社区都对这个组织有更高的期待。

首先今天大陆华人在美国的组织情况与25年前大不相同了，华人组织遍地都是，旅美华人有很多的选择空间，科工专在众多的华人组织里如果要继续保持它的领导地位的话，最重要的就是要保持这个组织的特征：科技与专业，成为华人科技人才聚集的组织。通过20-30年的努力，大陆旅美华人在学术和工业界都取得了很大的成绩，许多人成为了各个领域的领军人物，科工专只有能够吸引这批人的参与，才可以成为华人科技界的标志性组织。我们可以通过加强科工专的各专业分会的建设来吸引这些人加入，通过与美国本土的一些专业组织进行合作来扩大我们的影响，我们也应该吸收华人的科技和专业领域的精英人物来担当协会的主要领导职位，真正把科工专建设成为美国华人科技与专业人士向往的一个组织。

“合作、发展、贡献”作为科工专的宗旨指导了科工专25年的工作，它也是我们今后的指导原则。科工专自成立以来，积极搭建中美交流平台，促进双边合作，这当然也是我们今后的工作重点之一。但25年后的今天，科工专会员的组成已有了很大的变化，大部分的会员已在美国生活多年，成为了美籍华人，他们也非常关心他们身边的事情，今天，我们应该大力加强与美国其他华人组织的合作，加强与美国当地各组织的合作，参与到当地的社区与社会活动中，给我们生活的社区以及美国社会贡献我们的智慧与力量，成为美国社会中活跃的一股力量。只有当我们真正成为一个不仅在美国华人中，而且在美国社会中有影响力的组织，我们才会有更多的发言权，才会更有利于我们做中美之间合作的事情，才能对中美友好作出更大的贡献。

吸引更广泛的科技精英和专业人士参与也是科工专再创辉煌的一个机会。大陆华人组织虽然很多，但真正能吸引到他们子女参与的组织却很少，华二代和他们的后代里也有很多优秀的科技和专业人士，科工专能否走出大陆华人社区，吸引这些人加入？他们的加入将给这个组织带来完全不同的活力，由于他们对美国社会的了解比第一代移民更深，他们在美国的社会关系更广泛，科工专可以在他们的参与下更容易与美国其它族裔组织和主流组织进行合作，也更有利于科工专服务于我们所生活的美国社区，相信如果科工专可以在吸引华二代以及他们的后代上走在大陆旅美华人组织前列的话，我们也可以继续保持我们华人组织的领导地位。

历经25年的科工专在大陆旅美华人组织中创造了历史，留下了宝贵财富。科工专发展壮大的经验就是顺应时代潮流，服务会员所需。我们将继续遵循“合作、发展、贡献”的宗旨，在新的25年里根据我们华人科技与专业人士在美国的社会的需求，寻求更大的发展。科工专将落地生根成为当地华人的组织，吸引更多广泛的华人科技与专业人士参与，加强与美国华人组织和美国当地其它组织的合作，参与美国社区活动，为美国社会做贡献，同时，我们将努力加强中美之间的交流，促进两国科技与其他领域的合作，保持中美的世代友好。相信，科工专在新老会员的一起努力下，可以持续发展壮大，再创辉煌！

# 成长的过程 Growing Path

Continue the Glory of the Organization

By Lubo Zhou

ACSE 18<sup>th</sup> and 19<sup>th</sup> President, 20<sup>th</sup> Board Chairman

Twenty-five years ago, a group of students from mainland China established the Association of Chinese Scientists and Engineers in Chicago, Illinois, which was one of the earliest professional societies founded by people from mainland China in the United States of America. Since its inception, it has attracted many people and the organization expanded rapidly. Today, it has become an organization with several thousand members compared to about 40 members at the beginning. In 1996, the Association of Chinese Scientists and Engineers merged with the Association of Chinese Professionals. The new organization adopted the name of Association of Chinese Scientists and Engineers (ACSE). In 2009, the board of directors realized that more and more members have naturalized to be US citizens, and decided to change the organization's English name to Association of Chinese-American Scientists and Engineers (ACSE) while keeping the Chinese name of the organization unchanged.

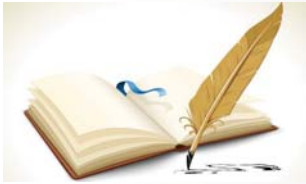

Since the establishment of ACSE, it has experienced ups and downs like all other organizations. However, the history of ACSE has been the history of expansion in general. Due to its many contributions to the Chinese-American community in the past, today, ACSE has become one of the most influential Chinese-American organizations in greater Chicago area. Looking back to the history of ACSE, its most active periods were always the time when the association could follow the trend of the society and organize many events that met the needs of its members. For example, at the early time of the organization, members' general interests were the Sino-US relationship and its development. ACSE invited ambassadors from China and USA, and members of US Congress and Senator, to give keynote speeches addressing the concerns of the members. The annual meetings were very crowded and successful. Later, China adopted the national policy to attract more oversea Chinese to return to China, which generated enthusiasm of entrepreneurship among ACSE members. The leaders of ACSE made connections timely with high tech zones and enterprises in China, and organized a lot of very popular talent promotion events, which attracts many of its members. Through 25 years of development, ACSE has built a very strong organization from scratch. What ACSE has done earned its very good reputation in the society of USA and China. ACSE has been promoted and recognized by the communities, governmental officials from both US and China. People from all levels of government, enterprises, and academia of USA and China came to ACSE to make speeches and exchange their ideas with our members. Chinese-Americans in the greater Chicago area actively participated in all kinds of events organized by ACSE. The summer picnic organized by ACSE with alumni associations of major Chinese universities sometime attracted more than thousand people to attend. ACSE has really been accepted as the leading organization in the Chinese-American community. However, after 25 years of growth, ACSE has grown to an organization like a person in his/her young age, full of energy. The community and its members have much higher expectation on the organization today.

First of all, unlike 25 years ago, there are many Chinese-American organizations founded by people from mainland China in the United States of America today. Hence, people have a lot of choices to join the different organizations. How can ACSE keep its leadership position among all of the Chinese-American organizations? I think that the most important thing is to maintain the characteristics of this organization: organization for scientists, engineers, and professionals, and become the real talent organization for Chinese-Americans with strong background in science and technology. Through the efforts of 20-30 years, people from mainland China have made great achievements in the academic and industrial fields in the United States of America. Many people have become leaders in various fields. ACSE will continue to be the leading organization only if the organization can attract people from this group. We can attract these people by strengthening the sub-organizations of each professional field inside ACSE, and extend our influence by working with some of the professional organizations in the United States of America. We should also absorb the Chinese-American leaders in the fields of science and technology to serve as the main leadership roles of the association. Hence, we can build the association as the one highly pursued by the Chinese-American professionals.

"Cooperation, development, contribution" as the principles guided ACSE's work in the last 25 years. It is also our future guiding principles. Since the establishment of ACSE, It has actively set up a platform for the exchange between China and the United States to promote bilateral cooperation, which of course is one of our future priorities. But 25 years later, the composition of the members of ACSE has changed a lot. Most of the members have lived in the United States for many years, and have become a citizen of USA. They now also very much concern about the things around them, the communities they are living in. We should vigorously strengthen cooperation of ACSE with other Chinese-American organizations in the United States, and strengthen cooperation with local organizations of other ethnic groups in the United States. ACSE and its members should actively participate in the social activities organized by local communities. ACSE can lead Chinese Americans to become one of the major forces that contribute to the communities around us and to the society of America. Only when we truly become an organization that is not only influential in Chinese-American community but also in American society, will we have more say in this country. At that time, we can do more and make greater contributions to promote the cooperation between China and the United States in order to strength the long term Sino-US friendship.

Attracting a wider range of technological elites and professionals to the organization is also an opportunity for us to grow. Although many Chinese-American organizations founded by people from mainland China exist in the United States, but only a few organizations can really attract their children to participate. There are many excellent scientists, engineers, and professionals in the second generation of Chinese Americans and their descendants. Can ACSE walk out of the Chinese-American community with mainland China background and attract these young generations to join? Their participation will give the organization a completely different view and much strong reaching out in US because they understand the American society much deeper than their immigrant parents, and have built extensive social network in this country. With them, ACSE not only will be easier to collaborate with the organizations with other ethnic background and in mainstream society, but also will be more conducive for the organization to serve communities and make contributions in the United States of America. I believe that if ACSE can be the leading organization in attracting the second generation and their descendants in Chinese-American community, we can continue to maintain our leadership position among all the Chinese-American organizations.

The development of ACSE in the past 25 years has made history for people from mainland China and left a valuable asset for our future generations. The experience of ACSE's development is to follow the trend of the society and serve the needs of its members at different time. In the next 25 years, we will continue to follow the principles of "cooperation, development, contribution" to serve the needs of Chinese-American scientists, engineers, and professionals in the United States so that we can expand our organization further. ACSE will become the local Chinese-American organization to attract more elite Chinese-American scientists, engineers, and professionals, as well as the second generation Chinese-Americans and their descendants. ACSE will strengthen the cooperation with other Chinese-American organizations and local organizations with different ethnic background in the United States, and will promote the members to participate in American community activities. ACSE and its members will become the great contributors to the American society. At the same time, we will continue to strengthen exchanges between China and the United States by promoting cooperation between the two countries in the fields of science and technology, and other social aspects, to maintain good relationship between the two great countries. I believe that with the great effort of our members, ACSE can continue to grow and develop. Together, we will create greater glories in the future!

## 历史的足迹 Historical Footprints

### 科工专25年特刊采访录（王健，科工专副会长）

**1. 我们ACSE成员90 以上拥有博士或硕士以上的学历，大部分成员在美国已经生活了10年以上，那么在我们这样的背景下，作为美国公民，移民的华裔，在大公司和科研机构工作，加之自身的文化和价值观，作为科工专的领导人，请谈谈你在如何行使公民的权利，为自己为家人为社区为国家的利益，在参政议政中的所作所为？**

A1: 周麓波 ACSE 18-19th届会长，20th届理事长

科工专做为一个非盈利非政治性的组织，一直以来都没有以组织的名义参与到美国的政治中去。但会员们做为美国公民，我认为，完全应该以个人的名义积极参与社区活动和参政议政。在2016年的选举中，我与科工专的另一位会长郭海波博士都积极投入到伊州地方选举中，帮助伊州第一位华裔马静仪博士成功地当选了伊州议员。我们当时的投入是很大的，连续几个月的时间，每周开车去中国城开会部署，接触到政界人士，并走街串巷，和华人交流，以此来鼓励华人和亚裔投票。几个月的时间下来，我们精疲力尽，但我们觉得值得，有了美国第一线参政议政的经历。

这几年，我个人也积极参与我居住的社区的建设，参加小区及学校的活动等，真正走进与小区建设息息相关的事务中。我想我们华人只有真正把这里当成我们的家，积极参与，多做贡献，才有可能得到美国社会的认可，也才有希望成为国家领导力量的一部分。另一个事情就是投票，我坚持了多年投票不缺席，这是行使我们做公民的基本权利，也希望我们的会员都能积极参与投票。

A1: 王涛 ACSE 21th届会长，22th届理事长

我们科工专是积极争取和捍卫华裔权益的，比如近几年来，我们积极参加美国各级政府选举，鼓励华裔参政议政，支持马静仪参选州众议员、Ann Shaw参选区长、Hamilton Chang 参选联邦众议员。我个人还参加了所在小区HOA董事会的竞选，成功当选董事并兼任财务长。

A1: 周坚刚 ACSE理事，副秘书长

最近几年，华裔在参政议政中的意识和行动都发生了很大的变化，从以尽职做好本身的工作和对子女的教育为中心已经发展到关注美国主流社会，发出自己的声音，维护少数族裔的权益等等。包括我自己在内的很多朋友都意识到如何保护我们华裔的权益，为我们的下一代树榜样，要参与到政治中，行使我们公民的权利。

去年初，在纽约市发生的梁警官一事，突然间，全美的华人在14个城市都被动员起来，Social Media的广泛使用使得传递信息，组织活动，沟通交流等变得非常的便利，我和另一位我们科工专的元老李大兴先生也在组织我们芝加哥2/20/2016的大游行的抗议活动中，起到了主导性的策划和组织作用，创下有史以来华人在芝加哥大游行人数的历史，有5000人之众，有秩序有目标，顺利地完成了我们预定的陈述的愿望。在与芝加哥市政府和警察署的陈述，沟通，合作等方面，我们了解到了很多的信息并学到了很多以前不可想象的东西。正是因为我们在科工专这个组织中，做了很多义务服务，有社区活动的经验，也锻炼了我们组织社区活动的的能力，所以在这样需要有人能挑头，出力，有担当时，我们站了出来。通过这次大游行，引发了很多华裔的思考和行动。我也借此希望更多的华裔积极活跃地参政议政，从行使我们作为公民的权益开始，投票，表态，为我们的利益要有诉求，要伸张。

**2. 在ACSE 2012到2017年期间，科工专在中美双方之间的合作 发展 交流 沟通 方面，都有哪些项目实施落实了？还有哪些在计划安排中？这些活动的意义和作用是什么？科工专在未来的中美之间的角色是什么？**

A2: 王涛 ACSE 21th届会长，22th届理事长

我任内的2013-2014期间，举办了天津、北京、云南、吉林、北汽集团等招才引智活动，也为芝加哥当地的公司推荐了合格的华裔和其他族裔专业人才。通过这些活动，我们加强了中美之间的合作和交流。我本人还有幸去北京，参加了第6届世界华人社团代表大会，受到了习主席的亲切接见。在任内2013-2014年间，我们还搭建了创新创业论坛，定期组织交流和讲座。通过这些活动，对加强会员间的交流与合作，促进各自事业和职业的发展有很大的帮助。为美国当地政府、工商业界，和国内输送了不少高素质的人才。

A2: 梁琨 ACSE 24-25th届会长

从 2015-2017年间，我们多次接待过国内来美国招才引智的代表团，有江苏徐工集团和福建省代表团等等。2017年七月，科工专为庆祝25周年，还组成12人代表团，回国拜访了国务院侨办，受到国务院侨办裘援平主任等领导们的接见。在与国际科技部，欧美同学会，清华大学，武汉华创会，常州工学院，常州津通产业园，昆山创业园，青岛石油大学大数据峰会等地的交流活动中，各地对我们科工专的存在表示了敬意，双方也都表示了今后相互合作交流发展的意向。

**3. 科工专本身有不少人已经回国创业，工作，寻找商业伙伴，或者已经在中美之间开发出了平台。请你分享经验心得，以及别人可以借鉴之处？**

A3: 何建良 ACSE 3<sup>rd</sup> 届会长，4th届理事长

我非常欣慰的看到，在我离任协会二十多年后的今天，协会依然蓬勃发展，越办越大，越办越好，真可谓长江后浪推前浪，科工专一代更比一代强！我是1998年被朗讯科技(原Lucent Technologies)外派回中国工作了近十五年，目睹了中国经济的腾飞和一个个世界奇迹在中国创造！工作之便，使我有机会跑遍了全国各省，接触了一大批政府官员和企业领导。在退下来的最后三年，我也有幸代表公司负责东亚近十国的业务，有机会把中国的发展与这些邻国进行纵横向的比较，体会甚深。我们Lucent 曾经是美国AT T的一部分，后来公司拆分，AT T成为通信运营商，我们成为美国最大的通信制造商。98年我外派回国的任务就是协助公司进入中国市场。伴随着中国进入WTO，开放通信市场，Lucent 在美国政府的协助下，在2000年拿下了中国全国CDMA（美国的无线技术标准码分多值）通信网的三分之一市场份额。当时八家竞标企业中没有一家是中国公司，华为是一家中国不知名的私人小企业，没有CDMA技术，任正非带领着他的团队主销他们的小型交换机。十年后，华为从无到有，抢下了全国CDMA无线通信网超过三分之一的市场份额，今天的华为借助着它狼性企业文化的精神和全员持股的特殊企业管理机制，已发展成为全世界通信行业的巨无霸，总收入超过一千亿美金。而我们Lucent，像许多外国通信企业一样，如Motorola, Alcatel, Nortel 等，从辉煌到衰落，如今它们都已不复存在，被Nokia 收为一家！通信行业仅为一例，其它各行业也都一样，如高铁、金融、互联网等行业，中国企业在崛起，外国企业在中国节节败退。

今天，世界500强的前20家中有近十家是中国企业，工商银行过去几年一直在世界500强中排名第一！亲身经历这十五年的话题实在太大不宜展开，回到科工专协会发展的主题上，我认为协会的长期发展战略必须于中美两国的发展大势和机遇紧密结合，特别是今后十至十五年，中国的经济总量会逐渐超过美国，成为世界第一大经济体。相信中美在经济、科技、文化等各领域的交流会进一步加强和扩大，无论是像我这样被公司外派回国工作的经历，还是像我其它许多朋友那样在国内个人创业的经验都已证明，广大旅美学人将在中国经济腾飞发展和中美合作交流中扮演着不可替代，独具优势的重要角色！此外，除国内发展机会外，今后二十年伴随着中国跨国公司走向世界，广大旅美学人还将在海外施展才华。所以，我们科工专协会必须牢牢把握机遇，会长、理事们都要有奉献精神，提升科工专的凝聚力，把科工专变成旅美学人的服务平台和信息中心。

## 成长的过程 Growing Path

A3: 张伯科博士 ACSE 10th届会长, 11th届理事长

鉴于中国高速发展的经济环境及政府给予海归人才的各项优惠政策, 我于2012年回国创业, 在杭州和绍兴分别成立了杭州美源生物科技有限公司和绍兴美丽生物科技有限公司, 专注于纳米透皮技术在生物技术和制药领域的应用。我们目前开发的大健康理疗精品有40多种, 上市主打产品有倍可瑞肌肤舒缓涂抹液和倍可瑞舒安睡眠精华, 已经为超过上百万有身体关节肌肉酸痛症状和各种失眠问题的人群带来了健康福音, 这使我深感欣慰。但是创业是艰苦的甚至是漫长的, 公司能发展到今天主要是有以下几点供大家参考: 首先要有持之以恒的决心坚持下去, 只有坚持才能继续、才能胜利。接下来的技术, 资本, 团队和市场是四个不可缺少的重要因素。技术尽可能要做到自己细分领域的极致; 产品在市场上要有很大的差异性和差异化; 要有足够的资本介入来推动产品从研发阶段到最后上市的过程; 团队和执行力决定着从技术能否转化到产品一直到商品(商品化); 市场才是最终检验产品的王道。市场不刚需的产品, 是很难销售和走下去的; 而一个没有营销收入的公司也是不可持续发展的。中国市场变化非常快, 一定要把市场的需求和变化跟技术和产品的快速开发过程紧密联系起来, 这样才能保证研发出来的产品能立于不败之地。

创业最重要的是坚持, 坚持, 再坚持。在创业的过程中每天会遇到各种各样的困难, 要有一颗坚定、坚持及平和的心, 才能不断地克服每一天的各种困难。光凭有一个国际尖端的技术不一定能成功, 没有足够的资本也不一定走到下一步, 没有一个执行力强的团队, 所有的目标和计划就会大打折扣甚至成为空谈; 没有选准产品市场及合适的商业模式(营销模式), 公司就无法自己造血壮大。因此这四个因素是基础也是关键, 只有不断的坚持前进, 公司才能逐渐成长和发展壮大。

### 4. 科工专在为会员服务, 帮助在美国的华人求学求职方面做了哪些事情?

A4: 倪陈平 ACSE 20th届会长, 21th届理事长

在2014年间, 北京招商促进局局长周卫民率队三次来到芝加哥, 我们科工专为此组织了人才交流会, 有近百人参加了这些活动, 并有近30多个项目与他们进行了切磋。通过这些人脉的建立, 有些到会者亲自到北京与当地的企业进行了面谈, 到现场考察合作的可行性。类似的人才交流活动还有张家港市委书记姚林率张家港市人才和招商两方面的负责人来芝加哥, 由我们科工专引线搭桥, 为其招聘会提供平台。特别是来自云南省赴美高层次人才招聘暨项目洽谈会, 云南各部门有十几位省厅领导在场, 阵容庞大, 涵盖了生物产业、医药、新材料、环保技术、机电一体化等各个不同领域, 为在芝加哥的留学生和有意回国工作的大量人员提供了令他们对未来充满希望的机会。科工专还利用专业地方分会拉近与会员的距离。科工专这一年帮助Madison, WI筹备并创建了科工专在Madison的分会。Madison的分会会长蒋勇在我们科工专的今年很多活动中都出资赞助。

### 5. 科工专是我们新移民的领头军, 25年来, 已经形成了响当当的品牌。尤其在与各大院校的校友会和各个专业团体的合作方面和谐相处, 请介绍一下这方面的情况?

A5: 徐向东 ACSE 23th届会长, 24-25th届理事长

每一年的科工专年会都是集高人才高科技高层次的盛事之举, 是体现我们组织各部门协调和最大的活动。我们本着把握时代脉搏, 跟踪科技热点的精神, 围绕当今世界最活跃的科学, 工程, 技术领域展开研讨。在过去的几年里, 我们就纳米技术在生物医药和环境保护的应用, 邀请到西北大学的教授和工业界的专家为我们提供了这个领域的新动态。大数据是近来各个行业都赖以生存的时髦技术, 尤其是华人中有很多优秀的人才在这个领域发光发热, 我们科工专在去年的年会以大数据和统计学为主题, 通过几位业界资深人士的演讲, 给我们的会员演示了大数据在未来经济发展中的极大威力。在我们庆祝科工专成立25周年之际, 我们依然把关注高科技发展和创新创业当成首要任务, 在年会上讨论智能和数字革命的近况和未来的发展, 我们有幸请到了谷歌的高管为我们讲述AI, 机器模拟等领域的最新发展。这样的高水准会议是我们的标志, 也是我们不断完善自己, 传播知识的追求。总之, 科工专是一个活力四射的组织, 我们与时俱进, 力争把握科技发展的脉搏!

A5: 周麗波 ACSE 18-19th届会长, 20th届理事长

科工专在与其它组织合作方面做得最好的就是与各大校友会的合作。最初的合作是由余之广博士在2006年前后提出的, 与北大、清华等四个校友会一起合作举办了春节联欢和夏季野餐会, 后来这种合作形式得到了巩固。记得有一次在徐向东家开会时, 我提出了一个各校友会如何分责和筹款的方案, 得到各大校友会的一致接受, 并沿用至今。这种合作给科工专每年的两次社区活动(春晚和野餐会)带来了很高的人气。在2014年我们邀请中国奥运和世界冠军来参加夏季野餐活动时, 结果来了1000多人。另一个非常大的效应就是通过合作, 科工专从各大校友会里发掘了大量的人才, 这些人后来都成了科工专的主要骨干和领头人。

A5: 王涛 ACSE 21th届会长, 22th届理事长

科工专与校友会的密切合作, 通过这些年的不懈努力, 我们的夏季野餐会合办单位从2008年最初的4校 - 北大、清华、复旦、天大, 发展壮大到目前的近20个校友会和其他专业社团, 每年的野餐会已经成为芝加哥华人活动最火参加人数最多的, 达500到千人的盛况。2016年新到任的洪磊总领事, 在我们科工专的野餐会上高歌一曲“长江之歌”, 震撼侨界, 从此一发不可收, 洪总每到一处, 都被邀请唱歌和打乒乓球, 就因为他在被我们当时的主持人王健付会长问到他本人有什么爱好和特长时, 道出了他的秘密。每年的春节联欢会也成为科工专的经典作品, 几乎所有在芝加哥的文艺社团都在芝加哥春晚的舞台上进行了男女老少喜闻乐见的精彩演出。由科工专春晚出名的歌手, 舞者, 相声等都在芝加哥侨界广为流传。

### 6. 科工专是非赢利的组织, 所有的团队人员都是义工, 请谈谈奉献社区, 服务社会的这种精神是如何持续不断的? 如何更加深入扩大?

A6: 姚海涛 ACSE 8th届会长, 9th届理事长

科工专的领导和骨干队伍都心存大志, 为我们华人社区和华人权益服务; 持守合作发展贡献的宗旨, 一直以来为在中美的合作和交流, 特别是科技和文化方面的交流做出了很多的贡献。也为我们的广大会员和各界创造了很多的机会, 包括商业投资, 科学技术和人才的交流项目, 不仅为大家创造了很好的发展前景, 更使双方都能获得共赢的目标。这些义工服务对我们自己来说, 也是学习的过程, 从中学到了很多的东西和积累了丰富的经验。就我本人来说, 在卸任科工专的会长以后, 还能继续参与科工专和社区一些活动, 而且还在芝加哥的北郊创办了希林北郊教育中心, 从事中文教育等义务工作, 继续义务为社区做一些事和贡献, 也受到了各界的大力支持和好评。

### 7. 科工专还参与了哪些其他的义工服务呢? 对我们自身的受益是怎样的?

A7: 倪陈平 ACSE 20th届会长, 21th届理事长, 梁琨 ACSE 24-25th届会长

在2012-2014年间, 科工专积极组织, 并带头捐献, 其中包括给四川地震的灾款。科工专组织文化中国名家讲坛活动, 由著名湖南作家唐浩明、郑佳明主讲; 科工专第一次参与了OCA举办的Asian American Business Expo, 受到了州长的好评和接见; 在发生了伊利诺伊大学章莹颖失踪案件之后, 组织会员为其筹款, 深切关怀家人, 配合各方为寻找章莹颖出力等。每年为会员和社区成员举办的理财, 子女教育, 入学申请, 心理健康知识, 快乐人生, 生活在USA等喜闻乐见的讲座和活动, 已成为ACSE又一品牌大作。这些活动对我们华人社区的各个层面都起到了帮助和扶持的指导作用。ACSE的骨干成员, 也通过这些义务工作, 结交了很多志同道合的朋友, 锻炼了自己的能力和耐力, 也受到了人们的尊重。

## 历史的足迹 Historical Footprints

### 坚持协会核心价值，谱写科工专发展的新篇章

#### ——纪念《旅美科学家工程师专业人士协会》成立25周年

##### 科工专首任会长 熊天渝 博士

于1992年4月18日成立的旅美中国科学家工程师协会（ACSE）是在美国成立最早，经美国联邦政府核准的跨州、跨学科、跨行业的非营利性学术和教育社团，享有联邦免税资格。1995年7月28日，ACSE正式合并了芝加哥地区的旅美专业人士协会之后，ACSE的中文名称改为旅美中国科学家工程师专业人士协会（简称科工专），成为美国中西部地区唯一的综合性旅美科技和专业学人组织。二十五年来，协会以“合作、发展、贡献”为宗旨，不断发展壮大，从创会的七个州43位代表发展到有数千会员，分布遍及全美，95%以上拥有硕士或博士学位；下属十六个地区分会和十三个专业分会，成为主要的海外华人专业组织。

二十五年来科工专协会已经成为旅美学人奋斗发展的缩影，成为促进中美两国人民友好与合作的桥梁，为中国人的百年海外留学史谱写了新的篇章。作为海外华人专业组织的领军者，科工专站在了承前启后，继往开来的历史时刻。二十五年的历程，形成和丰富了科工专协会区别于其他华人社团或其他专业社团的核心价值，是协会历届领导、广大会员和支持协会的中美各界共同培育的无价财富，奠定了协会长期健康发展的坚实基础。

协会的定位决定协会的方向和标准，协会的宗旨就是组织的灵魂。科工专以一系列的组织机制和活动坚守了高水平专业组织的定位：协会的名称和宗旨确立了协会的目的不是单纯的社交联谊，而是着眼于事业发展和社会责任；协会会员，特别是骨干成员的高学历和专业化保证了协会的高水平；以高水平的专业年会为代表的活动展示了协会的凝聚力和社会影响；而紧密的美中交流和为会员提供的专业服务更践行了协会的宗旨和社会责任。科工专的这些特质构成了高水平专业组织的定位，经过了25年的培育、发展和传承，基本保持下来，使科工专成为海外华人专业组织及新移民的领军者。这是我们协会25年历史的最重要成就，是历届协会领导骨干对团结旅美学人，发展学人事业的重大贡献。事实证明，只有坚持会员高素质、活动高水平、会务专业化的精英定位，协会才对高端人才有吸引力，对广大专业人士有凝聚力，在美、中两国的主流社会有影响力。

对于在美国社会的一个志愿者组织，严格按照既定规则运作是维护团结和推进会务的保证。在成立大会前，协会筹备组就参照美国的专业社团的运作规则对协会章程草稿进行了四次修改。在成立大会上，对章程要点进行了逐条讨论和表决。协会前两届理事会又根据协会一年多的实践，将章程严谨定稿，特别是将“合作、发展、贡献”的宗旨明确写入章程总纲，将协会的思想基础和核心价值法定下来。二十五年来，又根据协会运作的经验，与时俱进，不断对章程进行了完善，会员们也通过协会的法治化运作得到锻炼和提高。坚持贯彻以章程为核心的协会“法治”体系，是科工专长期健康稳定发展的基石。

团结和谐是坚守协会定位，践行协会宗旨，贯彻法治运作的根本保证。协会领导人对协会的无私奉献和对协会的忠诚是一个重要原因。科工专25年来的高水平 and 规范运作锻炼了一大批杰出领导和骨干成员，其中担任过会长和理事会主席的25人，绝大多数仍然关注和积极参与协会活动，在关键时刻提供宝贵支持。同时协会也为华人社区输送一批骨干，为会员的事业发展不断培养创业者。25年来科工专积累的骨干人才是协会的宝贵财富，是协会承前启后，实现可持续发展的重要资源。协会邀请精英，是保证协会持续获得不断的资源，并进而吸引社会杰出专业人士加入协会。每一届新领导都在新的基础上带领协会更上一层楼，实现科工专的可持续发展。

我作为协会的首任会长，与会员们一同拼搏，伴随协会走过了四分之一世纪。抚今追昔，深知只有奋斗才能立足，只有创新才能进步，只有合作才能发展。科工专的成就，值得骄傲和倍加珍惜！今天，协会正站在承前启后，继往开来的历史时刻，任重道远！面对未来，科工专协会要凝聚二十五年积累的丰富社会和人力资源，发挥旅美学人的团结、奋斗、创新和奉献精神，引导和支持后继学人的创新创业，不断增强协会的活力和凝聚力，继续谱写旅美学人“合作、发展、贡献”的新篇章。

#### 旅美中国科学家工程师协会成立小记

##### 黄正东

旅美中国科学家工程师专业人士协会于1992年成立，距今已经25年。上世纪90年代初，中国改革开放后早期赴美留学的一大批学生毕业后开始在美国工作，生活，逐步融入美国社会。伊利诺州和威斯康辛州的一些博士硕士们在美国大学或公司找到工作后，感到非常有必要建立和加强彼此间的联系和交流，探索融入美国社会的经验和方法。十几位留学生们一拍即合，在芝加哥城里的中餐馆“上海小馆”召开了筹备会议。会上大家踊跃发言，气氛非常热烈。会议推选了来自威斯康辛州密尔沃基市的李士江博士，来自伊利诺伊州的熊天渝博士、黄正东博士组成筹备小组，李士江担任组长。三人小组成立后，决定成立“旅美中国科学家工程师协会”，并在适当时候召开成立大会。三人分工负责，进行了大量的准备工作。我作为律师，负责在伊利诺伊州注册协会，起草公司章程及相关文件。为了进一步推动协会成立的进程，筹备小组后扩大为五人，吸收了密尔沃基市的刘建华博士和芝加哥的程一蓀博士。经过筹备小组及许多志同道合同仁的积极推进及细致周到的安排，旅美科学家工程师协会的成立大会在中国留美学人胡向东博士开办的大型中餐馆“荣乐园”隆重召开，来自数个州的几十位留美学人出席了会议。协会筹备组组长李士江博士主持了成立大会，熊天渝博士向大会介绍了协会的筹备情况以及协会的宗旨，黄正东博士介绍了协会章程和注册的准备情况。到会的留美学人热烈通过了协会的章程，选举出了协会的第一届工作班子。旅美中国科学家工程师协会（后来改名为“旅美中国科学家工程师专业人士协会”，简称“科工专”）的首届会长熊天渝、副会长黄正东和王车、理事长程一蓀。科工专成立后，我作为法律顾问很快为协会成功申请到非盈利组织免税号，在当时的华人社团中独占鳌头。

## 当今

世界, 大数据对商业的营销决策, 财务风险和产品质量至关重要, “大数据”一词已成为一个流行语。统计学的应用已渗透到众多的科技和工业领域, 如生物制药, 风险管理和业务分析等。24界科工专年会就统计在工业界中的应用和发展邀请嘉宾进行演讲。

## M

ajority of critical decisions in marketing strategy, financial risk, and product quality are data-driven in today's business world. An overview of the application of statistics would benefit professionals and students who are interested in the field. 24th ACSE annual conference will be a valuable platform for our audience to learn from academic and industrial leaders the power of statistics and its application in variety of businesses.

大数据，人工智能和机器模拟等新的科技领域给人类带来了前所未有的冲击。我们如何能与时俱进，抓住新的机遇，迎接新的挑战？科工专25周年会围绕这个时代化的主题，提供一个的交流平台，邀请包括谷歌在内的企业高管和专家一起展开研讨。在庆祝25周年之际，展望未来，寻求更美好的明天！。

Our world is experiencing the impact of waves of innovative technology, including AI, machine learning and industrial robots. How can we prepare ourselves to capture the new opportunity? How will business revolve to maximize the benefits from innovations? How is global economy reacting to the rapidly changing landscape of technology? 25th ACSE annual conference is aiming to serve as a valuable platform to get some answers from a panel of industrial and academic experts.

## Bridging Two Great Countries

**M**any ACSE members traveled between US and China to promote the collaborations between two great countries. ACSE has also invited many Chinese delegations to visit the United States, and hosted welcome parties for our guests from China. We believe the frequent visits and exchange of ideas between the people from two sides will greatly improve the relationship of two countries. ACSE and ACSE members have served as the envoy in promoting the collaboration and friendship between US and China.

**为**了促进中美两个伟大国家之间的合作，许多科工专会员利用其独特的文化和家庭背景经常穿梭在中美之间，同时，科工专还邀请了许多中国代表团来美国访问并为他们举办欢迎晚会。我们相信频繁的访问与交流将极大地改善两国之间的关系。科工专和科工专会员成为了促进中美合作和友谊的使者

### 中美交流的平台

*Communication platform between China and US*

科工专努力搭建中美交流平台，为中美城市与城市，企业与企业，以及中美两国人民之间的交流与合作提供了许多良好的机会。2012年，科工专帮助武汉市在芝加哥两次成功召开高端招商酒会，芝加哥现任和前任市长、武汉市委书记和市长、以及中美两国的企业300多主管等参加盛会。近年来，科工专还为中国北京、上海、天津、江苏、山东、浙江、广东、四川、云南、湖南等省市的城市和企业在美国成功主办各种形式的发布会和招商会，吸引海外华人和当地美国人踊跃参加。这些活动大大地促进了中美两国的友好交流。

ACSE has played a unique role in building exchange platforms between US and China. ACSE has helped connect the cities and companies from both sides of the Pacific Ocean, and provided many opportunities for people from both US and China to meet and exchange ideas. In 2012, ACSE helped Wuhan host two very successful promotion events in Chicago. Current Chicago Mayor and former Chicago Mayor, Party Secretary of Wuhan and Wuhan Mayor along with more than three hundred US and Chinese corporate executives attended the events. In recent years, ACSE has also helped cities and companies from Beijing, Shanghai, Tianjin, Jiangsu, Shandong, Zhejiang, Guangdong, Sichuan, Yunnan, Hunan, etc. to host business promotions and other events in the United States of America. These events have attracted many Chinese-Americans and Native Americans, which has greatly enhanced the friendly exchange between people from US and China.

在举世瞩目的因枪支走火而误杀华裔青年并遭刑事起诉的华裔警官梁彼得的事件中，科工专积极组织并参与了声援梁警官的游行抗议示威活动。这一活动极大的促进了华人社区维权 捍卫平等权利的积极性，同时也增强了华人通过法律的手段来保护自己的意识。此次华人能在美国40个城市，同时同声抗议，说明组织协调工作大有改善，经过一次次的活动，或许可以唤醒美国华人的政治觉悟，将对意外事件的怒火，化作平时对于政治和社会的参与，才能够更有效的维护自身的权

ABC电视脱口秀节目主持人Jimmy Kimmel，纵容参加节目的小孩当众说出“杀光中国人”的反动言论。全美华人在各地自发举行了各种游行抗议活动。科工专组织会员到ABC大楼门口情愿，要求ABC道歉并严肃处理Jimmy Kimmel。ABC电台最后收回了所有这个采访的相关视屏，并向公众作了道歉。

In one of the ABC talk shows hosted by Jimmy Kimmel, a boy said “killing all those Chinese”. Jimmy did not correct him and educate the kid, instead, he made fun of it. Protests broke out in many American cities by Chinese Americans and Asian Americans, as well as people with different colors. ACSE participated in this movement. In the end, ABC has to withdraw all videos related to this particular show and apologized for Jimmy’s behavior.

ACSE 25-year history has demonstrated how the organization consistently sticks to its principles of "Cooperation, Development, Contribution". We have summarized the past five-year history of ACSE in this brochure, and detailed description of ACSE history from its inception to 20th year can be found in our 20th Anniversary Brochures, which has been published on our web site [www.acse.org](http://www.acse.org). For all of the people who are interested in ACSE's history, we encourage you to read both brochures.

科工专二十五年的历史展示了这个组织一贯坚持它的宗旨：“合作，发展，贡献”，力求对社会有所贡献。我们在这本纪念册中着重总结了后五年的历史，这是因为科工专前二十年的历史已在我们的二十年纪念册中有了十分全面的总结，您可以在我们的网站中([www.acse.org](http://www.acse.org))找到二十年纪念册。对于所有对科工专历史感兴趣的人士，我们建议您同时阅读这两本纪念册。

## Keynote Speaker Biography

### 主题演讲嘉宾介绍

George Vukotich, Ph.D. is the managing director of FinTank Chicago's First FinTech incubator. FinTank works with startup companies in areas like blockchain, artificial intelligence, cybersecurity and data analytics. Prior to founding FinTank he was the Senior Vice President of Programming at 1871 where he built a network of over 500 mentors. He has also been the dean of a college of business and worked in Corporate America with companies that include IBM, Accenture, and BP. His most recent book is on mentoring startup companies. In addition he teaches at the

Paul has consistently created value as a trail blazer within emerging industries. He is currently pioneering the establishment of the Chicago Artificial Intelligence ecosystem. Paul is the business development director for MARCH (destination.ai), a non-profit he founded, whose mission is to develop more leadership in the Artificial Intelligence and Robotics fields within the Midwest USA. He is also an AI solutions architect who assists enterprises in finding their way within an increasingly AI driven world. As an accomplished business advisor, technologist and creative strategist Paul has identified and developed opportunities for his own startups, as well as midcap and Fortune 500 firms. He has served in an executive leadership or principal capacity for two Inc 10 companies and an IPO Paul has a passion for helping entrepreneurs, advising over 300 small businesses, including numerous Inc 500 honorees, in both their online and offline business development strategies. Currently this includes early stage AI and Robotics startups, as well as business, technology and internet advisory practices.

Bill Luan (栾跃) is the Greater China Regional Lead at the Developer Relations team in Google, responsible for all developer programs in China, including building and supporting developer communities, conduct technology trainings, organizing technology events, running various developer social media, supporting startups, and building business partnerships. Bill is a native of Shanghai, came to the U.S. for college education in 1980. He received BS and MS degrees in electrical engineering from Southern Illinois University at Edwardsville in 1984 and 85, respectively, and worked in the U.S. ever since for 32+ years. In his early career, he worked in the industry automation field in heavy industry in the U.S. for over a decade. In the mid 90s, he worked for Motorola helped the development of the two-way pager product. He joined Microsoft in 1998 as a program manager for ActiveSync, and later as a PM for Windows Embedded. His experience at MS led him published two best-selling books in China in 2005 about software development and Microsoft culture. Bill joined Google in 2008 to lead the developer programs in China, and since then he has established and sponsored Google developers communities in 26 cities across China, organized 3 large Google Developer Day conferences since 2009, trained several thousand Android developers in mobile application development, and his team's technology sharing on local social media such as WeChat, Weibo, and on many local IT media channels has attracted over 150,000+ followers. In 2016, Bill was inducted to the SIUE graduate school alumni hall of fame.

## ACSE's Mile Stone for 25<sup>th</sup> Anniversary

Kun Liang, ACSE President

Dear distinguished guests, speakers, friends and ACSE members, Welcome to 25th ACSE annual conference! 25 Years ago, a group of Scientists, Engineers and professionals originally from China decided to form a non-for profit, non-political, non-religion organization, named ACSE. In the quarter of century time, ACSE from 43 members grows into a great organization with over 6500 members and 15 professional committees and 16 local chapters all over the United States.

In the past two years, ACSE has organized and participated in many events in multiple aspects to better serve our members and promoting the great organization: In July 2017, ACSE organized 12 members delegation with our first President, President and past presidents and Vice presidents visit Beijing, Wuhan, Changzhou, Suzhou and Shanghai and Qingdao, were received very formally by Ms. Qiu Yuanping, the Director of China Qiaowu State Consul, also in Wuhan Hua Chuanghui, our members play very important roles in the great events; in Qingdao, Changzhou, Kunshan and Shanghai, the delegation were very well received by the local government, Universities, also by Dr. Gong Yi who have been our Vice President, now serve the China Science and Technology Committee as Vice President, they highly appreciate what ACSE did in the past 25 years. Since ACSE established in 1992 with the principal and spirit of "Cooperate, Contribute, and Develop". Our mission is to build ACSE a platform, a bridge and a network: a platform for our members to perform and enrich their life and others; a bridge to connect and promote business and culture exchanges between US and China, to overcome the barriers in career development; a network to serve, to communicate, to share and to own friendship for life time.

In the year 2016 through 2017, ACSE hosted very successful Chinese New Year parties and summer picnics with many alumni associations and other professional organizations. The ACSE Chinese New Year party and picnic becomes a brand name in the greater Chicago area. In the past years, ACSE hosted many delegations from Guangzhou, Wuhan, Chengdu, Hebei, Fujian, Shanghai and Shandong, also host job fairs like Jiangsu Xu Gong Group. ACSE signed the long term cooperation Agreement with Guizhou, Hunan, Jiangsu, Shenzhen, Jilin and Shandong to promote Career and business opportunities. ACSE focus on widened and strengthened the relationship with our local communities here in the United States. ACSE has support Chinese Women's Chamber Commerce events, CAAGC's events, also with 9 local Universities' CSSA events. Jointly with OCA to co-organized Asian American Business Expo to promote entrepreneurship, leadership and jobs to help Asian-American. Our Entrepreneur Committee also co-host Chinese investors Chicago Trip convention. Our goal is to deliver the ultimate benefits to our members.

ACSE has 25 years milestone now. To celebrate the quarter century history, please allow me to sincerely thank all of the ACSE members for your trust and continued support to this great organization. My thanks go to the ACSE working team, Board of Directors and the advisors who supported my work in the past two years, all of you for your hard work and time that you brought to ACSE, thanks for your great vision, leadership, dedication, hard work and contribution. My special thanks to the conference committee, who made this conference possible! Great thanks to all the sponsors for the 25th Conference. With your trust and support, ACSE will have a brighter future and a new higher level.

Thank you and enjoy the rest of our program!

**New Quarter Century, New Opportunities**  
Minna Xiao, President-elect of ACSE  
October 7, 2017

Dear distinguished guests, speakers, ACSE members and friends:

Welcome to the 25<sup>th</sup> ACSE annual conference!

As I stand in front of you today, I feel extremely honored to address you as the new president of the Association of Chinese-American Scientists and Engineers (ACSE), and yet so humble for being given such an opportunity to serve the organization. Allow me to express my heartfelt appreciation to all Board of Directors and ACSE members for their trust and support, and profound gratitude to the honored guests, speakers, sponsors and all of you who are able to be here with us today to toast this special anniversary.

25 years ago, a group of visionary scientists and engineers founded ACSE. Since then, ACSE has experienced tremendous growth under the strong leadership of former presidents and chairmen, and through the vital involvement of ACSE members. ACSE is evolving to become one of the largest and most influential Chinese-American professional organizations in the United States. My sincere thanks and respect go to the ACSE executive members, Board of Directors, work team members, sponsors, partner organizations, advisors and all volunteers who have worked so hard to get us this far. Let us give them a warm round of applause!

It is an exciting challenge to carry the tradition and momentum to move the organization forward. I strongly believe in ACSE's principles of Cooperation, Development, and Contribution, and will use them as guidelines for ACSE's future development. Looking ahead, what's our next step? How can we put our principles into actions? Many opportunities, as well as unknown obstacles, lie down the road. As the newly-elected president, with your continued support and invaluable efforts, I will focus on the following areas in my term:

First, we will promote science and technology-related activities to lead in a rapidly changing world. As new science and technology emerge daily, ACSE will adapt to growing trends – for example, we have just established the Big data and AI Association to take the lead in those notable areas. We will leverage ACSE's reputation and resources to reinforce this newly established society. We currently have 15 professional societies under ACSE, some of which have yet to reach their full potential. Our goal is to fully support the activities of those professional societies so members can access the latest science and most cutting-edge technology. We will also widen and strengthen the relationship with other professional organizations to deliver the mutual benefits for members. For example, we will work closely with Yaoyuan and SAPA-Midwest to organize symposiums and other events in the bio-pharmaceutical field.

Second, we will foster collaboration between ACSE and surrounding business communities by forming strategic partnerships with US corporations. We will also build relationship with companies in China through a series of activities. No organization is sustainable without a solid financial foundation. ACSE will always be actively seeking sponsorships from corporations in the US and China to champion its future activities.

Third, we will reaffirm our commitment to promote cooperation and facilitate exchanges between the US and China. Since its foundation, the ACSE has been playing a vital role in promoting mutually beneficial exchange between the US and China in various areas, including science and technology, finance and business, culture, and education, etc. As Chinese-Americans, we all love our home country, and ACSE has served as an indispensable bridge to connect these two countries and established strategic alliances with business partners. ACSE excels at matching its vast talent to co-develop programs with Chinese companies, through efficient use of the right skill sets from both sides. For example, we started to work with XCMG Construction Machinery Co. (徐工集团) this year to promote the company with a local job fair. Today the CEO of XCMG American Research Co., Dr. Shao is here with us. We will expand our scope to explore more opportunities to strengthen our connections in economic, technological, cultural, and other spheres. We will coordinate members, integrate resources, launch cooperative projects, and assist or lead cooperation through multiple channels and points of contact.

Finally, to add fresh perspective to energize our organization, we will promote ACSE to attract the talents of college students, graduate students and young professionals. ACSE is an unparalleled platform for helping new members build their professional network or find expert advice on job hunting and career development. ACSE will benefit from their insights as well, as we organize events for career development, child education, entrepreneurship, and more. We encourage such activities and put our full support behind our many active professional societies.

ACSE's mission can be summed up in one phrase: mutual development and combined contribution to Chinese and American communities. As we work to merge into mainstream American society, our membership draws from different generations, different experiences, and different outlooks. We should try our best to give back to the culture and the country. We will continue our tradition of collaboration with other organizations, such as Alumni Associations, to continue to hold our Chinese New Year celebration, summer picnic, and community services such as Feed My Starving Children, and many others.

We stand on the threshold of a historical starting point: an age of opportunity and imagination, but also of dramatic change, where we must seize the presented opportunities to build an even stronger ACSE. ACSE's success is highly dependent on our members' volunteering spirit. We need each of you to help lead the organization to the next level. Please donate your time, talents, wisdom, and connections to take on the tasks of our shared vision. It's my great honor to serve our ACSE members and our society--in the uncharted future waiting ahead, I see incredible promise and unlimited potential. The road might be rough, but with the focus, action and your continued efforts, I'm sure we can advance ACSE to the next level.

Time waits for no man! Let's work together to open a new chapter—to the next 25 years of prosperity and enterprise!

I invite you to enjoy the rest of our program and thank you for sharing in this vision with me.

## 2016-2017 Organization Charts

(The following names are in the alphabetic order of Chinese spelling system)

**Honorary Advisor:** CHENG Jin-Pei , DING Shisun, LI Norman, LU Yongxiang , SONG Jian , WU Jieping , ZHOU Guangzhou

**Special Advisor:** George Vukotich, Chris Gladwin, GP Yeh, Yushan Yan

**Advisor:** Li Kezhun, Chen Kui, Guo Haibo , Zhou Lubo, Pan Wei, Ni Chenping, Wang Tao

**Board of Directors :** Xu Xiangdong (Chairman), Liang Kun , Gao Yong, Wang Yang, Ji Xiuqing, Sophie Qu, Zhang Qin, Ren Pingping, Jia Dingxin, Liu Bin, James Hu, Zhang Zheng, Lu Yuan, Li Yanlin, Yin Rui, Chen Jun, Wang Jian, Guo Qiyu, Chen Deqiao, Chen Jian, Tao Ying, Wang Hongfeng, Wang Naitai, Wang Zhennong, Wang Zhi, Fang Lujiang, Feng Zhaohui, Gao Wei, Gao Yuming, Jin Zhen, Li Zhiheng, Liu Yanquan, Qian Honglai, Shi Donglu, Shi Ying

### Administration:

**President:** Liang Kun

**Vice President:** Zhu Guidong, Wang Jian, Hao Zhipeng, Jiang Hong, Guo Qiyu, Xiao Xiaolin, Hu Jianhong

**Secretary General:** Gong Yuchuan

**Deputy Secretary-General :** Gong Jiadong, Zhou Jiang Gang, Lisa Wong, Zhang Yu, Huang Xiaodon, Zhang Qin, Wang Yang

**Treasurer:** Hu Jianhong, Guo Qiyu

**Accounting :** Li Fan, Peng Jianxiong

**Legal Adviser:** Huang Zhengdong

#### Program Directors

**2016 Annual Conference:** Gong Yuchuan, Zhu Guidong, Hao Zhipeng

**Professional Branches Affairs:** Hao Zhipeng, Gong Jiadong

**Academic/Research Related Affairs:** Zhu Guidong, Wang Hongwei

**Member Services and Local Chapters Affairs :** Liang Kun , Dou Wen, Zhang Ying

**Sino-US Exchanges :** Xiao Xiaolin, He Yi, Zhao Jing, Jiang Yong

**Industry Connection and Career Development :** Gong Yuchuan, Wang Yabing, Wang Yabing, Stephanie Wang

**Large Events (Chinese New Year, Summer Picnic, Sports, etc.):** Chen Deqiao, Ren Xuemei, She Liwen

**Alumni Association/Student Union Connections :** Gong Zhiliang, Wen Qingquan, Lu Xitao, Zhang Qin, Jia Dingxin

**Public Relation/Media Connection :** Wang Jian, Ren Hongyan, Li Heng, Wang Yang, Zhang Yijun

**Entrepreneurship Forum :** Jiang Hong, Yuan Wa

**OCA Connection/Asian American Business Expo :** Lisa Wong, Wei Xiu

**Web and Systems Administration :** Hu Jianhong, Zhang Yu, Ren Hongyan, Fu Yang

**Annual Conference Fundraising :** Cai Wenjun, Du Jian

### Professional Society

**Entrepreneurship Society:** Jiang Hong, Zhu Guidong

**Communication Electronics Engineering/Material Science:** Hao Zhipeng, Gong Jiadong

**Society of Chemistry/Chemical Engineering:** Huang Dagang, Chen Liang, Yin Rui

**Biotechnology and Pharmaceutical Society:** Zhu Guidong, Wang Hongwei, Wang Leping

**Mechanical/Aerospace Engineering:** Li Keming, Hu Jiaxin

**Software Engineering/Network Engineering:** Zhang Yu, Hu Jiaxin, Fu Jian

**Financial Futures/Options Society:** Lisa Wong, Chen Wei

**Medical Society:** Wu Ning Zhong , Cao Yuequn

**Society for Industrial and Applied Mathematics:** Gong Donggeng, Zhang Zhao

**Business Management Society:** Cui Jia , Zhou Aiping, Zhao Jing

**Law Society:** Huang Zhengdong, Hao Meiyang, Wang Jin

**Civil Engineering/Environmental Science:** He Zhen, Chen Baiyang

### Local Chapter:

**Atlanta, GA:** Wang Naitai (President)

**Boston, MA:** Wang Zhi (President)

**Cincinnati, OH:** Shi Donglu (President)

**Connecticut:** Liu Yanquan (President)

**Denver, CO:** Gao Wei (President)

**Indiana, IN:** Qian Hong Lai ( President )

**Los Angeles, CA:** Tao Ying (President)

**Madison, WI:** Jiang Yong (President)

**Milwaukee, WI:** Gao Yu Ming (President) **New Jersey, NJ:** Feng Zhaohui (President)

**Phoenix, AZ:** Wang Hongfeng (President)

**New York, NY:** Jin Zheng ( President )

**Virginia (DC), VA:** SHHiYing (President)

**Pennsylvania:** Li Zhiheng (President)

**Seattle, WA:** Wang Zhennong (President) **Urbana-Champaign, Il:** Fang Lu Jiang ( President )

## 徐工位列全球工程机械制造商排行榜第7位，成为唯一入榜前10强的中国企业

2017年9月18-19日，第四届全球工程机械产业峰会发布了“2017年全球工程机械制造商50强排行榜”，中国企业徐工继续稳居前10强，位列第7位，连续数年成为唯一进入前10位的中国企业，连续28年来位居中国工程机械行业第一。

在“中国制造2025”引领下，徐工以创新、变革推动企业发展，在高端化、智能化、成套化、大型化上不断取得突破。目前徐工已经成为全球工程机械产业，产品线最长、品类最全的制造商；在多个领域，徐工都已经进入全球三甲，甚至第一。

连续多年，徐工保持全球起重机行业销量第一记录；千吨级全地面起重机、4000吨级履带起重机，成功取代进口，创新世界纪录。大吨位装载机在港口、矿山领域成功狙击全球领先品牌。成套矿山装备行业，徐工成为全球极少数能够制造超大型、高端矿用挖掘机、矿用卡车的制造商，设备更是出口海外多个国家，并进入被国外领军品牌封锁多年的核心市场。成套道路施工机械市场占有率和出口量均保持行业领先。配套领域，徐工连年投入大量资金资源，打破产业“空心化”掣肘，自主创新的超大液压油缸，短期内攻破以澳大利亚为代表的全球高端市场、严苛工况应用。

2016年徐工跨界携手阿里巴巴等领先企业，共同启动行业首个“徐工工业云”平台；在智能制造商，徐工更是领先行业发展。借此，徐工不断引领中国装备制造业积极融入“中国制造2025”和全球“工业4.0”进程。

全力迈进高端领域的同时，徐工带领中国工程机械产业，加速海外拓展，深入扎实布局全球，已在巴西、德国、奥地利、印度、美国拥有制造基地。伴随“一带一路”战略推进，徐工出口规模连年持续扩大，并始终保持行业第一。2016年徐工核心零部件、主导整机产品，成功进入以美国、澳大利亚为代表的发达地区。

“展望新五年的战略机遇期，中国经济必将乘风破浪、稳健前行，世界经济与全球工程机械市场也将迎来新一轮景气周期。徐工将全力以赴地扎实苦干，坚定不移地打造出技术领先、用不毁的产品，坚定不移地实现有质量、有效益、有规模、可持续的‘三有一可’发展，真正成长为迈向全球工程机械产业最高峰的世界级中国品牌，奏响中国装备、装备世界的时代最强音”徐工董事长王民表示。

## e世纪 eCentury Corporation

本公司提供行业大数据分析，统计服务：

### 临床医学，生物医学，制药，公共卫生数据

将大数据分析技术引入医学领域，通过模型分析，数据挖掘和机器学习，可以及时充分地共享医疗信息、感知医疗资源，提高卫生服务效率、达到精准医疗。

### 零售业数据

对总额及分布数据的分析、增长率预测。对网站客流销售数据分析预测。消费者购货习惯分析提供个性化。库存商品优化。找到您的最佳销售对象制定最佳销售策略。

### 财经数据

对股票、债券、期货等金融工具及其组合的风险量化分析、评估与预测。组合资产回报优化。分析大宗商品行业的市场状况，测算风险提出管控策略。

服务范围：收集数据，建立管理数据库，提取数据和建立模型，设计统计分析计划，提交报告。

使用工具：SAS, SPSS, R, Matlab, Hadoop Spark 处理平台。

服务对象：医生，生物医学研究人员，药剂师或公共卫生专业相关人员，个人投资者，资金管理者，零售业主 企业主。

### 招聘：

- 大数据分析市场开发人员。了解医疗，生物制药，财经，零售行业对数据分析的需求。
- 数据科学家：熟悉 R, SAS, Matlab, Hadoop Spark, Pig, Hive, Java, Python, Machine learning

### 寻求合作：

- 医生，生物医学研究人员或公共卫生专业相关人员与我们合作共同开发医疗数据分析市场。
- 与有意投资美国大数据分析的资本，与我们投资合伙经营。
- 公司设有实习生**实习-就业-创业计划**，希望下列专业的毕业生与我们联系：统计分析，计算机，医疗健康，金融，市场。

## ACSE Sponsorship Program – Year 2017

The Association of Chinese-American Scientists and Engineers (ACSE) (<http://www.acse.org>) is one of the largest Chinese American professional associations in the United States of America. Founded in 1992, ACSE is a not-for-profit, non-political professional organization headquartered in Schaumburg, Illinois with regional chapters in over 30 states. ACSE has 16 local chapters and 13 professional societies covering engineering, science and technology, medical and biotechnology, law, business management, and many other areas. The association currently has several thousand registered members and more than 90 percent of its members hold Ph.D. or Master's degrees.

The principles of ACSE are “Cooperate, Develop and Contribute”. Since its foundation, ACSE has been playing an important role in promoting interactions between US and China in varieties of areas, including science and technology, finance and business, government agencies, art and culture, and education. ACSE has organized many activities including annual conferences to facilitate the idea exchange between people from both countries, and to promote business and investment opportunities for American and Chinese corporations as well as individuals. For example, ACSE has organized forums for Chinese cities/economic zones (Beijing, Tianjin, Wuhan, Wuxi, Zhangjiagang, Changzhou) in promoting business and job opportunities for Americans in China; ACSE has held conferences for large Chinese corporations (BAIC Group, Shenhua Group, Sany America and Haier Group) looking for business and investment opportunities in USA; ACSE has sponsored job fair by American and Chinese companies during ACSE annual conferences; ACSE has organized seminars on career development and entrepreneur opportunities. All the efforts and achievements of ACSE have been applauded

by senior governmental officials and prominent leaders from both countries. Chinese President Jiang Zemin, Hu Jintao received the ACSE delegation several years ago. The first US ambassador to China, Mr. Wood Cock, former US Secretary of Defense, Mr. William Cohen, former Chinese Ambassador to US, Mr. Daoyu Li, Vice Minister of Commerce of China, Jian Yaoping and Fu Ziyang, and dozens of prominent leaders attended and addressed at the ACSE annual conferences as keynote speakers.

The success of ACSE attributes to the contributions from all ACSE members, to the supports from the societies and communities. ACSE greatly appreciates and thanks all individuals, companies, organizations and governmental departments for their support and contributions.

ACSE is actively seeking sponsorships from corporate and individuals in China and US to support its future activities. That includes but is not limited to its annual conference, seminars on job training and career development, talent acquisition and job fair, promotion on cultural diversity and community service. As an IRS certified 501 (c) (3) non-profit organization, ACSE is eligible to receive tax-deductible donations.

If you are interested in sponsoring ACSE, please fill out the form in the next page and email or mail it to us. If you have any questions, please feel free to contact Mrs. Kun Liang (phone: 773-551-0498, email: [kunliang2002@yahoo.com](mailto:kunliang2002@yahoo.com)) or Mr. Xiangdong Xu (phone: 847-494-3647, email [xiangdong.xu@gmail.com](mailto:xiangdong.xu@gmail.com)).

## 2017 ACSE Sponsorship Form

Company Name \_\_\_\_\_

Address \_\_\_\_\_

Contact Name \_\_\_\_\_ Title \_\_\_\_\_

Phone Number \_\_\_\_\_ Email \_\_\_\_\_

Signature \_\_\_\_\_ Date \_\_\_\_\_

*Please check a preferred sponsorship level below:*

### **Platinum Level (Corporate Sponsor of the Year) --- \$5,000 and above**

- Company's job openings and other advertisements on ACSE web site for one year;
- Award plaque for distinguished contributions;
- Free registration including lunch to all its employees at annual conference;
- One job fair booth at the ACSE annual conference;
- 30-minute corporate introduction at the annual conference

### **Gold Level (Convention Sponsor) --- \$3,000 - \$4,999**

- Company's job openings and other advertisements on ACSE web site for 6 months;
- Award plaque for distinguished contributions;
- One job fair booth at the ACSE conference;
- Ten regular conference lunch tickets.

### **Silver Level (Sponsor) --- \$1,000 - \$2,999**

- Company's job openings and other advertisements on ACSE web site for 3 months;
- Five regular conference lunch tickets.

**Tax deductible donations to ACSE in the amount of \$\_\_\_\_\_.**

Platinum/Gold/Silver level sponsors will also get their names listed on ACSE website; company advertisements printed in ACSE Annual Conference programs; company banner, if provided, on main stage of the conference; distribution of company materials to all attendees at conference.

Please mail the completed form, along with a check payable to ACSE, to:

**ACSE**

**P. O. BOX 59715**

**Schaumburg, Illinois 60159 USA**

Or email the completed form to the following contacts for invoice:

Mrs. Kun Liang (phone: 773-551-0498, email: [kunliang2002@yahoo.com](mailto:kunliang2002@yahoo.com))

Xiangdong Xu, President of ACSE (847-494-3647, [xiangdong.xu@gmail.com](mailto:xiangdong.xu@gmail.com))

**ACSE greatly appreciates your support!**
